

Cupcake Liner Umbrellas

Supplies:

- * 3 Cupcake Liners
 - * Blue/Brown Cardstock
 - * Glue Stick
 - * Scissors
- optional – glitter glue, rhinestones, glitter

Directions:

- * First have children flatten/fold their cupcake liners in half and glue them to a single sheet of blue cardstock. Repeat for each umbrella.
- * Once the cupcake liners are down, grab the brown cardstock and trim out handles for each umbrella.
- * To finish, have children glue on the handle pieces in their designated spots underneath the cupcake liners. Children can also add other embellishments {like scrapbook stickers, glitter, rhinestones} that they see fit to really make it their own. Then display proudly!
